Anytime Futbol - UX Design Summary

Anytime Futbol is a UX design project focused on connecting players to local pickup soccer games. This project demonstrates the full design flow from sign-up to game confirmation, emphasizing simplicity, clarity, and user-centered design.

- Sign Up: Simple onboarding with login & gender selection.

- Home: Map integration + quick search filters.

- Game List: Easy-to-browse cards with images & details.

- Game Selection: Calendar-based scheduling.

- Confirmation: Clear details for time, location, skill level, and participants.
